

CBC Monday Summer League 2013 – August 26th Fun Tournament:

Format:

Team will use the Baker System format, a team must have **minimum 3 or maximum 5 bowlers**, each team will **bowl 9 games**. Handicap per game is the average of current season handicap of all participated bowlers in the game; any decimal will be rounded down. If your team has less than 3 bowlers, enter an absent score for the absent bowler's frame, first frame 6 pins and second frame 3 pins. Bowler 1 is the lowest average bowler in the team; Bowler 3 (or 4/5) is the highest average in the team.

In the Baker System, team members take turns bowling frames within one. Each bowler bowls one frame at a time, for example, if Bowler 1 throws a strike, he or she completes the frame, and then Bowler 2 bowls the next frame, and so on.
